

PT IMC Pelita Logistik Tbk Constructed Another Classroom Building in Samarinda

Samarinda, May 5, 2023 - PT IMC Pelita Logistik Tbk along with the Mayor of Samarinda and his staff inaugurated a classroom building at TK Negeri 11 Samarinda, East Kalimantan on Friday morning (05/05). The building, constructed and financed by the company, is part of the Company's Corporate Social Responsibility (CSR) program, and celebration of National Education Day (Hardiknas 2023).

TK Negeri 11 Samarinda is located on Jalan Revolusi, Kelurahan Lok Bahu, Sungai Kunjang District, not far from the Company's operational office on Jl. Pulau Irian, Kelurahan Karang Mumus, Samarinda Kota.

Also present at the inauguration of this classroom building were representatives of the Company Group Irjen Pol (Retired) Drs. Zulkarnain Adinegara, Mayor of Samarinda Andi Harun, Head of the Education Office of Samarinda City Dr. H. Asli Nuryadin, S.Pd., M.M., Mother of PAUD Samarinda Rinda Wahyuni, local community leaders, and other invitees.

With the help of this development, there are an additional two classrooms covering an area of 94m² with a capacity of each class can accommodate up to 20 children. With the addition of these two classes, it is hoped that teaching and learning activities will be better and can accommodate the educational needs of children of local residents who are increasing every year.

"Alhamdulillah, with the completion of the construction of this classroom, we entrusted it to the school to be well maintained and can benefit the surrounding community and children with special needs. I hope the teachers can also shape the character of good children," said the Company's representative, Irjen Pol (ret.) Drs. Zulkarnain Adinegara.

While the Education Kadis of Samarinda city, Dr. H Asli Nuryadin in his speech thanked for the assistance in the construction of this building. "We thank IMC Pelita Logistik for supporting education for the second time, especially PAUD in Samarinda with the construction of classrooms. This is very important, because ECCE is the entry point for further education."

Samarinda Mayor Andi Harun said the support provided by IMC Pelita Logistik was a collaboration and synergy between the business world and the surrounding community to improve the quality of education in the city of Samarinda. "On behalf of the city government, we thank you, and hopefully activities like this can be continued by IMC Pelita Logistik in the following years so that access and quality of ECCE services in the city of Samarinda will be even better."

It is expected that in the new school year 2023 the new classroom building can be used optimally. This is the second time the Company has assisted in the construction of a school building in Samarinda, East Kalimantan. Previously in 2019, the Company built a classroom building at TK Negeri 5 in Samarinda Seberang District.
